HALDANE

Minimal Memphis.

A teasing treat for the eye, the Cha Cha occasional tables feature beguiling geometrical pedestals whose moiré patterns give the illusion of movement. Completed with simple slivered tops, these monochromatic pieces are compelling either as stand-alone tables or can be artfully combined to form irregular compositions.

Outdoor Steel Powder Coating Care

Care for your powder coated stainless steel & aluminium components by wiping when dirty with a damp cloth soaked in a solution of mild detergent (like Sunlight Liquid) and water.

For coastal environments (within 200m of the ocean) it is necessary to make use of Marine Grade stainless steel SS316 and to wipe sea air condensation off of your furniture on a weekly basis. Avoid harsh chemical cleaning products and scratching with sharp objects as this can damage the powder coating.
